CDT 4.4.1 We are committed to establishing mutually beneficial relations with our suppliers and business partners and we honour and enforce the terms of the contracts to which we commit. We conduct our operations with integrity and in accordance with the principles of fair competition and will not tolerate the offer or acceptance of any gift, hospitality or other inducement designed to influence unduly a decision. We cooperate openly and proactively with our regulators.

CDT 4.6 Community

CDT 4.6.1 We are a “good neighbour” to our community and are sensitive to the cultural and social principles of the communities in which we conduct business. We partner with our community in much of what we do and we contribute directly and indirectly to the community’s general well-being. We recognise the role we play in terms of capital allocation and job creation in local communities. We operate with integrity in respect of our community relations at all times.

CDT 4.7 Environment

We recognise that our activities inevitably have an impact on the environment and we look for innovative ways to reduce the environmental impact of our business by embracing the principles of sustainable development and committing to a process of minimising environmental impacts and pollution.

CDT 5 (G) Ethical Principles

CDT 5.1 Maintaining our reputation requires everyone within *AIX* to maintain the highest standards and comply with all requirements set out by *AIX*'s regulators, the *AFSA* and *AIFC*. This section sets out the behaviour that is expected of everyone within *AIX* and is designed to help *Directors*, officers and staff interpret and implement the principles outlined above.

CDT 5.2 Integrity and Honesty

CDT 5.2.1 Integrity and honesty are at the heart of our business. Accordingly, we expect our *Directors*, officers and staff and business partners to maintain the highest standards in respect of these, in everything they do. We operate a compliance function in order to ensure that such highest standards are maintained at all times.

CDT 5.2.2 We conduct our business in a manner that is ethical, compliant with legal and regulatory requirements, and avoid even the appearance of impropriety. We do not give or receive, either directly or indirectly, bribes or other improper advantages for business or financial gain.

All our *Directors*, officers and staff must comply with applicable regulations and legislation within which we operate. This includes our *Directors*, officers and staff respecting relevant laws and regulations and complying with both the letter and the spirit of the laws and regulations of the countries in which we operate. We will ensure that all *Employees* are properly trained to fully understand the code of governance and conduct rules applicable to them.

CDT 5.3.2 Over and above this, all our *Directors*, officers and staff are required to behave in a manner that is fair and just, rather than just complying with minimum legal standards. We expect our *Directors*, officers and staff to avoid any behaviour, even in appearance that negatively impacts the reputation of *AIX* or the entities within the *AIFC*. We expect all *Employees* to be courteous, considerate and professional in all their work or work-related activities. We also expect these standards of behaviour to apply to the personal lives of all *Directors*, officers and staff in so much as reputationally this could impact on *AIX*.

CDT 5.4 Conflicts of Interest

CDT 5.4.1 Both as a company and as individual *Directors* or *Employees*, we avoid or declare conflicts of interest that may lead (or be seen to lead) to divided loyalties, either now or in hindsight. Conflicts of interest may arise when a *Director* or *Employee* has:

- (1) outside business activities or *Directorships* which detract from the individual's ability to devote appropriate time and attention to *AIFC* or conflict with their role or the objectives of *AIFC*;
- (2) significant ownership of or interest in a supplier or customer; or

CDT 5.4.2 We expect all staff to comply with *AIX* policy on share dealing.

CDT 5.5 Insider Dealing

CDT 5.5.1 By nature of our work, *Directors* or staff may have access to *Price Sensitive Information*. If any *Directors* or staff trade on the basis of such information or enable others to trade on the basis of such information, this would likely to be considered market abuse, the penalty for which could be imprisonment.

CDT 5.5.2 We require that our *Directors*, officers and staff never enter into any transaction in the *Securities* of the *AIX* or any company listed or quoted on our markets/ or any other quoted or listed company while they are in possession of non-public price sensitive information about that company. It is strictly forbidden to pass on market sensitive information to third parties in any form, unless such disclosure has entered the public domain or is required by law or for appropriate regulatory oversights.

CDT 5.5.3 *AIX* shall maintain an insider list.

CDT 5.6 Fair Business Practices and Business Relationships

CDT 5.6.1 *AIX* is committed to succeeding through fair business practices and does not seek a competitive advantage through unethical or illegal practices. *Directors*, officers and staff members are required to deal fairly with customers, partners, suppliers, competitors and other *Directors*, officers and staff. We behave with integrity and never take unfair advantage through manipulation, misrepresentation, concealment, harassment, abuse of confidential information or any other unfair dealing or practice.

CDT 5.6.2 When selecting suppliers or contractors, or partnering with external stakeholders, we base our decisions on an objective business rationale and not personal interests or bias. We strive to apply fair and open procurement rules.

CDT 5.7 Competition

CDT 5.7.1 We believe in vigorous and fair competition. By innovating and continually building in-depth knowledge of our products and services, our business partners and our customers will also benefit. We aim not only to understand their needs but also to exceed their expectations.

Information received must never be misused for personal or third party benefits.

CDT 5.9.2 We maintain a confidentiality policy with which all *Directors*, officers and staff are required to confirm compliance on a regular basis.

CDT 5.10 Political Activities

CDT 5.10.1 We take our public policy responsibilities seriously and engage with government, regulators, policy makers and political parties in a neutral manner in order to make our position known on any matters that affect us, our *Directors*, our staff, our customers, our shareholders and the markets in which we operate. We do not make payments or provide other direct or indirect support to political parties and organisations or their representatives.

CDT 5.10.2 We respect the rights of individuals to hold personal political views. However, individuals must not allow their political views to affect their behaviour or decisions at work and neither may they represent or construe their views to be the view of the *AIX*.

The review process will be undertaken on at least an annual basis and as required when internal or external events indicate a more frequent review is required, for example material events within the market, or regulatory changes.

The **AIX** and **AFSA Rulebooks** contain the requirements that apply to a **Person** who applies to have, or has or had, **Units Admitted to Trading** on **AIX**.
- (3) The **AIX** reserves the right to prescribe certain communications to be **Exempt Communications**. Such communications are not subject to the prohibition in the **Law** as they fall outside the definition of an “**Offer of Securities**”.
- (4) The **AFSA** has the authority to prescribe certain types of:
- (a) “**Exempt Offerors**”, and
 - (b) “**Exempt Securities**”.
- (5) **Exempt Offers** and **Exempt Securities** do not require a **Prospectus**.

PR 1.2 Exempt communications

PR 1.2.1 (G) **Exempt Communications** are not **Offers of Securities** and therefore do not attract the **Prospectus** requirements in the **Law** and **Rules**.

PR 1.2.2 (R) For the purposes of the **Law**, in addition to the **Exempt Communications** specified in the **AIX Rules**, a communication is hereby prescribed by the **AIX** as an **Exempt Communication** if it is made:

- (a) in connection with the trading of **Securities** that are listed and traded on a **Regulated Exchange**; and
- (b) in the ordinary course of business of an **Authorised Firm** or **Recognised Member**.

PR 1.3 Exempt offers

- PR 1.3.1 (G) This section prescribes the type of offer that is an *Exempt Offer*. A *Person* may make an *Offer of Securities* in the circumstances specified in this *Rule* without a *Prospectus*.
- PR 1.3.2 (R) *AIX* hereby prescribes the circumstances in which an offer is an *Exempt Offer*:
- (a) an offer made to or directed at only *Accredited Investors* other than natural *Persons*;
 - (b) an offer in or from the *AIFC* which is directed at fewer than 50 *Persons* in any 12-month period, excluding *Accredited Investors* who are not natural persons;
 - (c) an offer where the total consideration to be paid by a *Person* to acquire the *Securities* is at least \$100,000, or an equivalent amount in another currency;
 - (d) an offer where the *Securities* are denominated in amounts of at least \$100,000, or an equivalent amount in another currency;
 - (e) an offer where the total aggregate consideration for the *Securities* offered is less than \$100,000, or an equivalent amount in another currency, calculated over a period of 12 months;
 - (f) an offer where *Shares* are issued in substitution for *Shares* of the same *Class* as already issued, where the issue of the new *Shares* does not involve any increase in the issued share capital;
 - (g) an offer where the *Securities* are *Convertibles* issued under a *Prospectus* to existing members or creditors of the *Issuer* or a member of its *Group* and there is no additional consideration to be paid;
 - (h) an offer where the *Securities* are offered in connection with a *Takeover* and a document is made available containing information which is considered by the *AIX* as being equivalent to that of a *Prospectus*;
 - (i) an offer where the *Securities* are offered, allotted or to be allotted in connection with a merger if a document is available containing information which is regarded by the *AIX* as being equivalent to that of a *Prospectus*;
 - (j) an offer where the *Securities* are offered, allotted or to be allotted in connection with a rights issue where:
 - (i) the *Securities* are of a *Class* subject to *Reporting Entity* disclosure; and
 - (ii) a document is made available containing information on the number and nature of the *Securities* including rights attaching to those *Securities* and the reasons for and details of the offer;
 - (k) an offer where the *Shares* are offered, allotted or to be allotted to existing shareholders free of charge or dividends paid out in the form of *Shares* of the same *Class* as the *Shares* in respect of which the dividends are paid, and a document is made available containing information on the number and nature of the *Shares* and the reasons for and details of the offer; or

 - (ii) a document is made available to the offerees containing information on the number and nature of the *Securities* and the reasons for and details of the offer.
- PR 1.3.3 (R) Where any *Securities*, which were previously the subject of an *Exempt Offer*, are subsequently offered to the public, such a subsequent offer will be regarded, for the *Rules* made for the purposes of that *Part*, as a separate and new *Offer of Securities*, unless that offer meets one of the criteria in *Rule PR 1.3.2*.
- PR 1.3.4 (R) An offer of *Securities* remains an *Exempt Offer* even if the offer falls in whole or part within more than one of the circumstances specified in *Rule PR 1.3.2*, as long as all of the offer falls within at least one of those circumstances.
- (G) (1) In *Rule PR 1.3.2(b)*, it is the number of offers made, rather than the actual issues or sales resulting from such offers, that would be relevant for the purposes of the exemption so that mass marketing to potential investors in or from the *AIFC* cannot be undertaken.
- (2) In considering whether a document referred to in [Rule PR 1.3.2\(h\)](#) or (i) contains all the relevant information, the *AIX* will take into account the information required under the *Rules* in this chapter.

The *Prospectus* must however be submitted to *AIX* for approval. A completed application form must also be submitted to the *AIX*.
 - (2) If the *Prospectus* comprises multiple documents, the application for approval must be made using the appropriate form in relation to one or more of those separate documents.
 - (3) In the case of a *Supplementary Prospectus*, the application for approval must:
 - (a) be made using the appropriate form;
 - (b) accompanied by the relevant fee as prescribed in the relevant Market Notice; and
 - (c) comply with the requirements in *Rule PR 1.9.1*.
 - (4) Notwithstanding (1) above, the *AIX* may in its discretion determine and notify to the *Applicant* a shorter period than 20 *Business Days* for the approval of *Applicant's Prospectus*.

Approval of a *Prospectus*

- PR 1.6.2 (R) (1) The *AIX* will only approve a *Prospectus* which has been filed with *AIX* in accordance with **Rule PR 1.6.1** as soon as reasonably practicable where:

 - (ii) the board of *Directors* of the *Issuer*, whose *Securities* are to be offered complies with, and has adequate systems and controls in place to ensure on-going compliance with, the applicable requirements; and
 - (b) it has received all the necessary consents as required under the requirements in this chapter.
- (2) A *Prospectus* filed with the *AIX* is not an approved *Prospectus* unless the *AIX* has issued to the *Applicant* a notice stating its approval:

- (4) If the *AIX* decides to exercise its power not to approve a *Prospectus* under this *Rule*, or to impose conditions or restrictions upon the approval of a *Prospectus* under this *Rule*, the *Applicant* may refer the matter to the *AIX Appeals Committee* for review and thereafter to the *AIFC Court*.
- (G) (1) A *Person* intending to apply to the *AIX* for approval of a *Prospectus* pursuant to **Rule PR 1.6.1(1)** should consider submitting a draft *Prospectus* for preliminary review by the *AIX* prior to formally submitting the *Prospectus* for *AIX* approval.
- (2) The formal approval of a *Prospectus* by the *AIX* will not prevent the use by the *AIX* of its powers in circumstances where the need for such action is subsequently identified. For example, if the *AIX* becomes aware, after the approval of the *Prospectus*, that it contains any misleading or deceptive information, or it breaches the *Prospectus* provisions in other respects, the *AIX* may use its stop order power or take any other action as appropriate in the circumstances.

Publication of a *Prospectus*

- PR 1.6.3 (R) (1) After a *Prospectus* has been approved by the *AIX*, it must be made available to the public as soon as is reasonably practicable, and in any case, at a reasonable time in advance of, and at the latest at the beginning of, trading on *AIX*.
- (2) An approved *Prospectus* is deemed to be made available to the public for the purposes of (1) when such a *Prospectus* is published in an electronic form on the website of any one or more of:

Duration of the validity of a *Prospectus*

- PR 1.6.4 (R) (1) Except where an exemption under *Rule PR 1.3.2* or *1.4.2* applies, the *Securities* to which a *Prospectus* relates must not be offered for subscription or sale under an approved *Prospectus* unless that *Prospectus* is a current *Prospectus*.
- (2) For the purposes of (1), an approved *Prospectus* is current only for a period of 12 months from the date on which that *Prospectus* has been approved by the *AIX* in accordance with *Rule PR 1.6.2*.
- PR 1.6.5 (R) (1) A financial intermediary may make an *Offer of Securities* in reliance on an approved *Prospectus* which has been produced by the *Issuer* in accordance with *Rules PR 1.6.1* and *1.6.2* only in circumstances where:

 - (b) the financial intermediary has undertaken such due diligence and care as is reasonable for such a *Person* to undertake for the purposes of ensuring that the *Prospectus* meets the requirements in (a); and
 - (c) the *Issuer* has given its prior written consent for the use of the *Prospectus* by the financial intermediary and that consent has been filed with the *AIX* and has not been withdrawn.
- (2) Both the financial intermediary and the *Issuer* of the *Securities* incur civil liability pursuant to the *Law* for a *Prospectus* referred to in (1).
- (3) For the purposes of this *Rule*, a “financial intermediary” is an *Authorised Firm* or a *Person* licensed and supervised by a *Financial Services Regulator* or the *AFSA*.
- (G) (1) In order to meet the obligation in *Rule PR 1.6.5(1)(b)*, a financial intermediary should undertake a review of the *Prospectus* to ensure that it does not contain any obvious misleading or deceptive information or omissions that would be reasonably apparent to a financial intermediary assessing and analysing the *Prospectus*.

PR 1.7 Offer documents from other jurisdictions

- PR 1.7.1 (R) (1) The *AIX* may, subject to (2), approve an offer document produced under legislation in a jurisdiction other than the *AIFC* for the purposes of meeting the *Prospectus* requirements in this chapter where:
 - (a) it is satisfied that:
 - (i) the *Prospectus* contains information equivalent to that which is required for a *Prospectus* in this chapter; and

- (ii) the offeror meets all the other requirements relating to a *Prospectus Offer* as prescribed in the *Rules*; or

- (G) A *Person* considering filing an offer document pursuant to *Rule PR 1.7.1* should approach the *AIX* at the earliest possible time to discuss how to proceed. This is because the *AIX* will undertake the assessment required under *Rule PR 1.7.1* on a case-by-case basis. See *Guidance item 1* under *Rule PR 1.6.2* for details relating to the *AIX Prospectus* approval process.

The AIX has not assessed the suitability of the securities to which the Prospectus relates to any particular investor or type of investor and has not determined whether they are Sharia compliant. AIX Admissions and Disclosure Standards for Issuers

ADS 1 The Admission and Disclosure Standards

- ADS 1.1 (G) This document sets out the rules and responsibilities regarding the *Admission to Trading* on the *AIX Market* and certain ongoing obligations of *Issuers* whose *Securities* are *Admitted to Trading* on the *AIX Market*.
- ADS 1.2 (G) These *Rules* are made pursuant to *section 3.2 of AIFC AMI Rules* on admission of securities to trading, including in particular *Rules 3.2.4 (Review of compliance)* and *3.2.5 (Verification of compliance by issuers with Market Rules)*.
- ADS 1.3 (R) *Applicants* for *Admission to Trading* according to *Rule 3.2.3* of the *AIFC AMI Rules* must provide an enforceable undertaking to *AFSA* in the terms set out in that *Rule*.
- ADS 1.4 (G) A two-stage *Admission* process will apply to *Issuers* who want to have their *Securities Admitted to Trading*, which will involve admission to the *Official List of Securities* (including *Prospectus* approval, where applicable) by the *AIX* and *Admission to Trading* by *AIX*. Therefore, these *Rules* should be read in conjunction with the *AIX Rules*, the *AIFC* and *AFSA Rules* and the relevant *AIFC Laws*.
- ADS 1.5 (G) In the event of a conflict between these *Rules* and the *AIFC Rules*, the *AIFC Rules* will prevail.

ADS 2 (R) Application and Objectives

- ADS 2.1 (R) These *Rules* form part of the *AIX Rules* and apply to *Issuers*.
- (R) It is vital that compliance with the *Rules* is enforced for the benefit of all *Market Participants* and the *AIX Market* as a whole. When a breach of these *Rules* is detected, action will be taken on a timely basis. The procedures relating to disciplinary and appeals matters are set out in further detail in the *AIX Disciplinary Committee Rules (DCR)*.
- ADS 2.3 (R) Any *Issuer* of *Green Bonds* as defined in *Rule GRN 2* must, in relation to disclosures required by this *Chapter ADS*, comply with the *AIX Green Bonds Rules*.
- ADS 2.4 (G) These *Rules* are designed to facilitate a liquid *AIX Market*, to protect the interests of *Issuers* and investors, and to protect the integrity of the *AIX Market* and the *AIFC* community. The objectives are to:
- (1) ensure an internationally competitive and accessible *AIX Market*;
 - (2) maintain a fair, orderly and transparent *AIX Market*;
 - (3) provide a robust and liquid *AIX Market* for *Issuers*, investors, the *AIFC*, Kazakhstan, and the wider region and the international financial community;
 - (4) follow international standards for trading *Securities*;
 - (5) minimise any overlap with *AIFC Rules* and *Regulations*; and
 - (6) enable *AIX* to enforce these *Rules* in a fair and transparent manner.

ADS 2.5 (G) *Issuers* applying for **Admission** are encouraged to approach **AIX** at the earliest possible stage. The **AIX** will maintain the confidentiality of communications with *Issuers* and related advisers throughout the **Admission** process. *Issuers* are also required to identify at least one contact (*Director* or senior *Employee*) within their organisation that will be responsible for ongoing communications with the **AIX** as the primary day to day contact. The contact must be fully conversant with the *Issuer's* responsibilities under the **AIX Rules** and the **AIFC's Rules and Regulations**. Where an *Issuer* appoints an adviser, that adviser may be an additional contact. Contact(s) need to be able to respond to requests from **AIX** and be available, especially before the **AIX Market** opens and during **AIX Market** hours, to resolve any issues that may impact on the **AIX Market's** orderly operation. Contact details are part of the **Application** and *Issuers* must notify **AIX** in writing, of any changes thereafter.

ADS 2.6 (G) **AIX** may issue by way of separate Notices procedures and guidance from time to time, that will be published on the **AIX** website, to supplement these **Rules**, including in particular establishing different market segments and requirements for such segments. . All **AIX** Forms referred to in these **Rules** are also published and available on the **AIX** website.

ADS 3 (R) Requirements for Admission: All Securities

ADS 3.1 (R) Criteria for Admission

ADS 3.1.1 In order for *Securities* to be eligible for **Admission** by **AIX**, an *Issuer* must:

- (1) if it has not done so in connection with the listing of its *Securities* pursuant to **Rule MLR 1.2**, provide:
 - (a) **AIX** an enforceable undertaking in writing that it will (i) comply with relevant **AIX Rules** and (ii) submit unconditionally to the jurisdiction of the **AIFC Court** with regard to any dispute or proceeding arising out of the admission of its *Securities* to the **Official List** and the use of **AIX** facilities;
 - (b) **AFSA** an enforceable undertaking in writing to submit unconditionally to the jurisdiction of the **AFSA** in relation to any matters which arise out of or which relate to its use of the facilities of **AIX** including but not limited to the requirements in the **AIFC MAR Rules** relating to **Reporting Entities**.

- (7) enter into such undertakings and abide by such conditions as may be required by **AIX** and or by the **AFSA**; and
- (8) satisfy **AIX** that there are or will be satisfactory arrangements for the settlement and clearing of trading in such **Securities** in accordance with the **AIX Clearing and Settlement Rules**.

ADS 3.2 (R) Admission Process

ADS 3.2.1 **Issuers** must submit an **Application** to **AIX** prior to or at the latest at the same time that an application is made to the **AIX** for admission to the **Official List**. The **Application** must include, where applicable, a copy of the **Prospectus** and other supporting documents.

ADS 3.2.2 (G) **AIX**'s timeline and process for **Approval** is aligned with its listing process.

ADS 3.2.3 (G) If a **Prospectus** is not required by the **AIX**, **Issuers** must submit an **Application** for admission to trading at the same time the **Application** is made to the **AIX** for listing.

ADS 3.2.4 (R) The **Application** must relate:

- (1) only to the **Class** of **Securities** which are proposed to be traded; and
- (2) to all **Securities** of that **Class**, issued or proposed to be issued.

ADS 3.2.5 (G) A separate form **Application** must be submitted to **AIX** to admit additional **Securities**, unless the issuance is part of a **Securities Issuance Programme**.

ADS 3.2.6 (G) **AIX** will set the **Admission to Trading** date in consultation with the **Issuer**.

ADS 3.2.7 (R) **AIX** may refuse an **Application** in its discretion, if it considers that:

- (1) admission of the **Securities** is likely to be detrimental to the interests of investors on **AIX**;
- (2) an **Issuer** does not or will not comply with these **Rules** or any special condition imposed by **AIX**; or
- (3) trading of an **Issuer's Securities** may be detrimental to the orderly operation or reputation of **AIX** and/or the **AIX Market**.

ADS 3.3 (R) Documents Required for Approval of Admission to Trading

ADS 3.3.1 To ensure **AIX** can properly consider an application for **Admission to Trading**, the following preliminary documents must be submitted to **AIX**:

- (1) a draft of the **Application Form** completed as far as possible and including all available information;
- (2) a final draft of the **Prospectus**, where applicable;

- (3) any **Security** specific documents required by **AIX**;
- (4) a copy of:
 - (a) all **Resolutions** of an **Issuer** passed at a meeting of that **Issuer's Security Holders**, as required by an **Issuer**, authorising the issue of all **Securities** for which **Admission** is sought;
 - (b) all **Resolutions** of the board of **Directors** (or other appropriately authorised governance body) authorising the issue and allotment of such **Securities**; the raising of capital including an indicative amount or an upper limit for the capital to be raised; and the filing of the **Application** with **AIX**;
 - (c) where applicable, a copy of the articles of association, trust deed or other documents securing or constituting the **Securities**; and
 - (d) where **AIX** is considered a **Secondary Exchange**, evidence that the **Issuer** or the **Class** of **Securities** is subject to a **Primary Listing**.

ADS 3.3.2 The final **Application** documents should be submitted to **AIX** in sufficient time prior to approval for **Admission**, including:

- (1) a properly completed Application Form signed by the relevant authorised parties;
- (2) a copy of the **Prospectus**, approved by the **AIX**, where applicable;

ADS 3.3.3 (G) **AIX** retains the discretion to accept documents at any stage of the **Admission** process.

ADS 3.3.4 (G) All documents submitted to **AIX** must be in the English language and either in paper or electronic form as required by **AIX**.

ADS 3.4 (R) The Decision-Making Process

ADS 3.4.1 In considering an **Application**, **AIX** may in its sole discretion:

- (1) carry out any enquiry and require any information which it considers appropriate;
- (2) require an **Issuer** to provide supplementary or amended information;
- (3) require any information submitted by an **Issuer** to be verified in such manner as **AIX** may specify; and
- (4) require information specific to these **Rules**, to be disclosed in any manner that **AIX** may require.

ADS 3.4.2 (G) Documents resubmitted to **AIX** must be marked up to show changes;

ADS 3.4.3 (G) **AIX** will issue written confirmation of its approval by letter, subject to any conditions, if applicable, upon:

- (1) *AIX's* determination that the *Securities* are eligible to be *Admitted to Trading* on the *AIX Market*;
 - (2) receipt of documents relating to an *Application* in final form to the satisfaction of *AIX*, including signatures where applicable;
 - (3) receipt of an *Issuer's* payment of *AIX* fees to the satisfaction of *AIX*.
- ADS 3.4.4 (G) The *Admission* fee is calculated in accordance with the *AIX* fees, as published on its website and updated from time to time.
- ADS 3.4.5 (G) *AIX* may approve an *Application* subject to conditions or restrictions. On this basis, in accordance with the provisions of the *AIX Rules* which permit *Conditional Trading* of *Securities* on the *AIX Market*, *AIX* may *Admit Securities* to the *AIX Market* in circumstances where the *Securities* have been allocated to the intended holders but have not been duly registered to these holders. This circumstance constitutes *Conditional Trading*. In these circumstances *AIX* may permit the *Admission* of the *Securities* to *Trading* subject to the *Securities* being duly registered in the name of the intended *Security Holders* within a prescribed time period. This condition would be set out in the *AIX* approval letter and in the event that the conditions were not satisfied within the prescribed time period, *AIX* would proceed to suspend and remove the *Securities* from trading on the *AIX Market*.
- ADS 3.4.6 (G) If an *Issuer* is unable to submit all the documents required, *AIX* may, in its discretion, agree to an *Issuer* delaying the submission of the documents to coincide with the submission of the confirmations required prior to issuing written confirmation of *Approval*.
- ADS 3.4.7 (R) The *AIX* may waive or modify one or more requirements of this chapter for *Issuers* where appropriate provided such waiver or modification would not be unduly prejudicial to the objectives in *Rule ADS 2*.
- ADS 3.5 (R) Integrity of Information
- ADS 3.5.1 An *Issuer* must ensure that all information provided to *AIX* regarding an *Application* is in all respects complete, accurate and not misleading. An *Issuer* must be open, honest and co-operative in all dealings with *AIX*.
- ADS 3.5.2 Except where *AIX* is considered as a *Secondary Exchange*, a *Prospectus* under the *AIX Rules* must contain the following disclaimer:
- “*AIX Limited* takes no responsibility for the contents of this document, makes no representations as to its accuracy or completeness and expressly disclaims any liability whatsoever for any loss howsoever arising from or in reliance upon any part of the contents of this document.”
- ADS 3.6 (R) Written Confirmations Required for Admission

- ADS 3.6.1 An **Issuer** must, as soon as possible prior to the proposed date of **Admission**, confirm to **AIX**:
- (1) that the **Securities** have been priced, allocated and issued in the manner disclosed in the **Prospectus**, if applicable, and that all documents required by **AIX** prior to **Admission** have been submitted to **AIX**;
 - (2) that the **Securities** have been conditionally or unconditionally distributed to **Security Holders**;
 - (3) the number of **Securities** issued and, if any change(s) from the number specified in the **Application**, an explanation for the change(s);
 - (4) the number of **Security Holders** to whom the **Securities** have been issued;
 - (5) that all the conditions set out in the **AIX** approval letter, if any, have been met; and
 - (6) in respect of **Securities** to be traded on the **AIX Market** that conditions for sufficient supply and demand are satisfied.
- ADS 3.6.2 (R) Once an **Issuer** has satisfied **AIX** that the conditions for **Admission** have been met, **AIX** will:
- (1) issue a written confirmation to the **Issuer**;
 - (2) publish its approval of the **Admission** by way of **Notice** via a **Regulatory Announcement Service** to the **AIX Market** one (1) **Business Day** prior to **Admission**; and
 - (3) admit the **Securities** to **Trading**.
- ADS 3.7 (R) Publication of Admission Documents
- ADS 3.7.1 (R) On the day of **Admission**, an **Issuer** must publish the following documents on its website and provide copies to **AIX**:
- (1) the **Prospectus**, where applicable;
 - (2) the **Term Sheet**, where applicable; and
 - (3) any other document or information that **AIX** deems necessary to be disclosed to the **AIX Market**, subject to any legal or regulatory restrictions that may prohibit such disclosure.
- ADS 3.7.2 (G) **AIX** may communicate the requirements to the **Issuer** by way of the **AIX** approval letter. **AIX** may also publish these documents on its website.
- ADS 4 (R) Requirements for Admission: Specific Securities**
- ADS 4.1 Liquidity Requirements

- ADS 4.1.1 In order for *Equity Securities* to be *Admitted to Trading*, conditions (in the opinion of *AIX*) for the sufficient supply and demand of such *Equity Securities* must exist in order to facilitate a reliable price formation process.
- ADS 4.1.2 In order to meet the necessary conditions, an *Issuer* must satisfy *AIX* that:
- (1) it will have a sufficient minimum number of bona fide shareholders, each holding *Equity Securities* of the *Issuer* with a value of at least USD 2,000; or
 - (2) sufficient price formation will be likely to be maintained including, if appropriate, through the appointment of one or more *Market Makers*, in agreement between *AIX*, the *Market Maker* and the *Issuer*.
- ADS 4.1.3 (G) *AIX* considers two hundred and fifty (250) to be a sufficient minimum number of bona fide shareholders, however it may apply its discretion to permit a lower number in exceptional circumstances. For the purposes of calculating the minimum number of shareholders, *Beneficial Owners* of the *Securities* may be counted. However, a shareholder of *Securities* would not be considered bona fide, if for example, there are five different holders from the same address and with related names.
- ADS 4.1.4 (G) Where *AIX* is considered a *Secondary Exchange*, *AIX* may take account of the liquidity on the primary exchange.
- ADS 4.1.5 (G) When considering the above, the *Market Maker* has to act in accordance with the *AIX Rules* and sign a *Market Maker Agreement* with *AIX*. If the *Market Maker* does not commit to post price spreads within a maximum limit and minimum volume limits as determined by *AIX*, then *AIX* may in its discretion require the *Issuer* to engage additional *Market Makers*.
- ADS 4.1.6 (G) For *Warrants*, an *Issuer* must confirm that the *Class* of *Securities* to which the *Warrants* relate is trading on *AIX* or has a *Primary Listing* on another exchange.
- ADS 4.2 (R) Additional Requirements for Depository Receipts
- ADS 4.2.1 *Depository Receipts* may be *Admitted* to the *AIX Market* where:
- (1) the underlying *Securities* are or will be trading on a primary exchange;
 - (2) the *Issuer* of the underlying *Securities* has approved the issue of the *Depository Receipts* (i.e. by sponsoring the issue); and
 - (3) an *Issuer* submits to *AIX* a copy of the depository agreement, declaration of trust or other document creating the issuance, to *AIX* prior to *Admission*.
- ADS 4.2.2 (G) *AIX* requires satisfaction of the requirement under *Rule ADS 4.2.1(1)* where the underlying *Securities* are sought to be simultaneously admitted to trading on another exchange and, *AIX* would regard this *Rule* to be met if the *Admission to Trading* takes place before the *Admission to Trading* of the *Depository Receipts* on the *AIX Market*.
- ADS 4.2.3 (G) *AIX* will consider *Rule ADS 4.2.1(2)* to be met, where the *Depository Receipts* entitle the holder to convert such receipts into the underlying *Securities*.

- ADS 4.3 (R) Pre-Approval of Recurring Issuances of *Equity Securities*
- ADS 4.3.1 Where an *Issuer* intends to issue *Equity Securities* of the same *Class* on a regular basis and where prior approval of the *Issuer's* shareholders has been obtained for such arrangements, an *Issuer* may make an *Application* for the pre-approval of the *Admission* of the entire *Class* of such *Securities*.
- ADS 4.3.2 (G) *Securities* referred to in this *Rule* may be issued as a result of an *Employee* share option scheme, a regular savings scheme or a dividend re-investment plan, or following the exercise of *Warrants* or of conversion rights attaching to a *Class* of *Convertible Securities*. The *Issuer* will need to consider its obligations (if any) as a *Reporting Entity* to obtain the consent of the *Securities Holders* under the *AIX Rules* for such arrangements.
- ADS 4.4 (R) Liquidity Requirements for Non-*Equity Securities*
- ADS 4.4.1 An *Issuer* seeking to *Admit* non-*Equity Securities* must ensure that conditions for sufficient supply and demand exist to the satisfaction of *AIX* to facilitate a reliable price formation process in the *AIX Market*.
- ADS 4.4.2 (G) *AIX* expects the *Issuer* to maintain an ongoing genuine investor base in the *Securities* and will generally require an *Issuer* to make a submission at the time of the *Application* as to how it will obtain and maintain a liquid *AIX Market*, e.g. by providing a *Market Maker*. *AIX* may, in its discretion, reject or impose additional conditions if an *Issuer* fails to satisfy this *Rule*. This requirement is not intended to be applied to *Securities* issued for financing purposes e.g. corporate debt.
- ADS 4.5 (R) *Securities* Issuance Programmes
- ADS 4.5.1 An *Application* by an *Issuer* may be made for the following *Securities* to be issued under a *Securities Issuance Programme*:
- (1) *Debt Securities*; or
 - (2) *Structured Products*.
- ADS 4.5.2 An *Application* under a *Securities Issuance Programme* must specify the maximum value of *Securities* which may be issued under the programme.
- ADS 4.5.3 If *AIX* approves an *Application* for a *Securities Issuance Programme*, it shall grant pre-approval for the *Admission* of all *Securities* which may be issued under the programme from the date of the *AIX* approval letter, subject to *AIX* receiving from the *Issuer* the following documents for each issue:
- (1) the final *Term Sheet*;
 - (2) copies of any supplementary *Prospectus*, where applicable; and
 - (3) confirmation that the *Securities* are in issue.

ADS 4.5.4 The documents referred to in **Rule ADS 4.5.3** must be provided to **AIX** prior to the date of intended **Admission**.

ADS 5 (R) Ongoing Obligations

ADS 5.1 (R) Ongoing Eligibility for Admission

ADS 5.1.1 To maintain ongoing eligibility for **Admission** under these **Rules**, an **Issuer** must comply with the ongoing obligations under **Rule ADS 5**.

ADS 5.1.2 In order to facilitate a reliable price formation process in the **AIX Market** an **Issuer** must make reasonable efforts to ensure that conditions for sufficient supply and demand exist in its **Securities**, as determined by **AIX**.

ADS 5.1.3 (G) **Rule ADS 5.1.2** is designed to ensure that an **Issuer** has enough **Securities Holders**, and that there is a sufficient market in its **Securities**. An **Issuer** may not need to maintain a minimum number of shareholders required by these **Rules** post **Admission** so long as there is an orderly and liquid market in the **Issuer's Securities** as determined by **AIX**. In considering this **Rule**, **AIX** would generally consider the number of **Security Holders** of the **Issuer**, the number of outstanding **Securities** and the liquidity of the **Securities**.

ADS 5.1.4 (R) In the event that the conditions regarding liquidity materially deviate from **Rule ADS 5.1.2**, **AIX** may request that the **Issuer** makes all reasonable efforts to remedy the situation.

ADS 5.1.5 (G) **Rule ADS 5.1.4** may be satisfied by appointing the services of one or more **Market Makers**.

ADS 5.1.6 (R) An **Issuer** must provide **AIX** with an electronic copy of any disclosure required under the **AIX Rules** at the same time as it is disclosed to the **AIX Market** or as soon as practicable thereafter. All such electronic submissions must be sent to **AIX** via **AIX's** approved means. **AIX** may also publish any disclosure made by an **Issuer** on its website.

ADS 5.2 (R) Short Form Application to Admit Additional Securities to Trading

ADS 5.2.1 For the **Admission** of additional **Securities** which are of the same **Class** of **Securities** already **Admitted to Trading**, an **Issuer** shall comply with the following requirements:

- (1) an **Issuer** shall apply for the trading of such **Securities**, prior to their issue or as soon as practicable thereafter;
- (2) an **Issuer** should not issue such **Securities** unless the **Issuer** has made an **Application** in respect of those **Securities** and **AIX** has approved such **Application**;
- (3) in circumstances where **AIX** has pre-approved the issuance of a specified number of **Equity Securities** in accordance with the relevant **Rules**, the **Issuer** must obtain **AIX's** confirmation of the **Admission** of all **Securities** issued pursuant to that pre-approval during each financial year. Such approval should be received by **AIX**

before the end of that financial year; and

- (4) an **Issuer** must pay all fees in accordance with the fees published on the **AIX** website and updated from time to time.

ADS 5.2.2 (G) In the event that **Securities** are issued prior to the submission of an **Application** to **AIX**, **AIX** may, in its discretion, approve such **Application**. If a **Prospectus** is not required by **AIX Issuers** must submit an **Application** for admission to **AIX** at the same time as an application is made to the **AIX** for listing.

ADS 6 (R) Corporate Actions

ADS 6.1 (R) Ordinary Shares

ADS 6.1.1 An **Issuer** must have only one **Class** of ordinary **Shares Admitted** unless the additional **Class** is of partly paid ordinary **Shares** which, if fully paid, would be in the same **Class** as the fully paid ordinary **Shares**.

ADS 6.1.2 (G) **Depository Receipts** issued over an **Issuer's** ordinary **Shares**, preference shares and **Convertibles** are not considered an additional **Class** of ordinary **Shares**.

ADS 6.2 (R) Operation of a Share Repurchase Programme (“SRP”)

ADS 6.2.1 The **Issuer** may not take any action with respect to the **SRP** that would result in unequal treatment of **Security Holders** or **Market Participants**. Specifically, the **Issuer** must comply with the following **Rules**:

- (1) the price paid by the **Issuer** for the repurchase of its **Securities** must not be higher than the volume weighted average price calculated on the daily transaction prices for the period commencing six (6) months prior to the commencement of the **SRP**; and
- (2) a pre-arranged trade is not permitted where the seller is a **Director** or officer of the **Issuer** or an **Associate** of a **Director** or officer of the **Issuer**.

ADS 6.3 (R) Time-Limited Securities

ADS 6.3.1 In the case of time-limited **Securities** an **Issuer** shall provide **AIX** with sufficient prior notice of the upcoming maturity, redemption or conversion so as to provide **AIX** with an opportunity to implement the removal of the **Securities** from the **AIX Market** on the applicable maturity, redemption or conversion date, if necessary.

ADS 6.3.2 (G) A period of ten (10) **Business Days** prior notice would usually be considered sufficient by **AIX** for the purpose of **Rule ADS 6.3.1**.

ADS 6.4 (R) Timetables for Proposed Actions

- ADS 6.4.1 An **Issuer** must submit to **AIX** any announcement of the timetable for any **Proposed Action** affecting the rights of existing holders of its **Securities** which are **Admitted on AIX Market** for consultation as soon as possible prior to the disclosure of the **Proposed Action**.
- ADS 6.4.2 An **Issuer** must notify **AIX** immediately of any proposed amendments to a timetable submitted to **AIX**, including amendment to the published details of an announcement following agreement on the amendments to the timetable with the **AIX**.
- ADS 6.4.3 (G) Timetables for corporate actions are set out in **Appendix 1** to these **Rules**.
- ADS 6.5 (R) Rules that apply to all Proposed Actions

AIX Market Disclosure Rules

MDR Market Disclosure Rules

MDR 1 (R) Application

- MDR 1.1 These *Rules* are made pursuant to *section 2.8 of the AIFC AMI Rules* and provide support for *Chapter 5* and *Chapter 6* of the *AIFC MAR Rules*.
- MDR 1.2 (R) This *Rules* apply to every *Reporting Entity* other than that of a *Listed Fund*.
- MDR 1.3 (R) The requirements in this section do not apply to a *Reporting Entity* if the relevant market disclosure has already been made in relation to the *Securities* either by another *Person* or in relation to other *Securities*.
- MDR 1.4 (G) The *Rules* in *Rule MDR 2* below (*Disclosure of Inside Information*) support and do not replace the rules in *sections 6.1* and *6.2* of the *AIFC MAR Rules (Public disclosure of Inside Information and Insider Lists)*. *Reporting Entities* are required to comply with both the *Rules* in *Rule MDR 2* below and *sections 6.1* and *6.2* of the *AIFC MAR Rules*.
- MDR 1.5 (G) In the event of a conflict between these *Rules* and the *AIFC MAR Rules*, the *AIFC MAR Rules* will prevail.
- MDR 1.6 (G)
- (1) This chapter sets out the obligations of *Reporting Entities* to disclose and control information in order to protect actual and potential investors and to maintain a fair, informed and orderly market in *Securities*. This chapter also sets out the limited circumstances under which a *Reporting Entity* may selectively disclose *Inside Information*, delay public disclosure and control access to such information in order to limit the potential market abuse.
 - (2) The *AIX* recognises the importance to the market of accurate, up-to-date information about *Reporting Entities*. *Reporting Entities* are therefore required to disseminate *Inside Information* as soon as possible. Where these obligations are not met and the *AIX* considers it appropriate, the *AIX* may seek one or more sanctions.
- MDR 1.7 (R) A *Reporting Entity* that fails to comply with any applicable provisions in *AIFC MAR Rules 5* and *6* is to be treated as failing to comply with these Rules and hence may be subject to disciplinary or other action by *AIX in accordance with DCR*.

MDR 2 (R) Disclosure of *Inside Information*

- MDR 2.1 Timely disclosure
- MDR 2.1.1 A *Reporting Entity* must make timely public disclosure of *Inside Information* in accordance with the requirements in this section.
- MDR 2.1.2 A *Reporting Entity* must ensure that the disclosure it makes pursuant to *Rule MDR 2.1.1* is not misleading, false or deceptive and does not omit anything likely to affect the import of the information.

MDR 2.1.3 For the purposes of complying with the requirement in **Rule MDR 2.1.1**, the **Reporting Entity** must, subject to **Rule MDR 2.3** and **2.4**, make disclosure as soon as possible and in the manner specified in **Rule MDR 7.1**.

- MDR 2.1.4 (G)
- (1) A **Reporting Entity** is required to publicly disclose **Inside Information** as soon as possible. In practice, a short period before announcing **Inside Information** is permitted where a **Reporting Entity** is affected by an unexpected event and the **Reporting Entity** needs to clarify the situation or take legal advice so that any information released is accurate and not misleading. Any delay should be limited to a period no longer than is reasonably necessary in the circumstances. Where there is a danger of the information leaking out in the meantime, the **Reporting Entity** should make a holding announcement giving an outline of the subject matter of the announcement, the reasons why a full announcement cannot yet be made and undertaking to make a full announcement as soon as possible.
 - (2) For the disclosure to be not misleading, false or deceptive, a **Reporting Entity** should provide information that is accurate, factual and complete. Any incomplete or inaccurate information, such as omission of relevant information, would be misleading or deceptive. Information should be provided in an easy to understand manner and not for promotional purposes. The use of imprecise and confusing language such as ‘double digit’ or ‘in excess of last year’ should be avoided as it does not allow investors to properly assess the information for the purpose of making an informed decision relating to the relevant **Securities**.
 - (3) Where a **Reporting Entity** realises that it has or may have breached its continuous disclosure obligations, it should contact the **AIX** to discuss the matter and seek guidance on remedying the situation and on taking steps to ensure that similar breaches are prevented from recurring.
 - (4) A confidentiality agreement should not prevent an entity from complying with its obligations relating to the disclosure of **Inside Information**.
 - (5) If, for any reason, a **Reporting Entity** is unable, or unwilling to make a holding announcement it may be appropriate for the **Reporting Entity** to file a report pursuant to **Rule MDR 2.5** and for the trading of its **Securities** to be suspended until the **Issuer** is in a position to make an announcement.
 - (6) Identifying **Inside Information**
Inside Information is defined in **Rule MAR 5.2**.

Financial forecasts and expectations

- (10) Where a **Reporting Entity** makes a market announcement, which includes a profit or revenue forecast, such forecasts become, as soon as made, factored into the market pricing of the relevant **Securities**. If the **Reporting Entity** becomes aware that there is likely to be a material difference between the forecast and the true outcome, the **Reporting Entity** should make an announcement correcting the

forecast as soon as possible so that the market pricing reflects the accurate position.

- (11) In relation to financial forecasts published by a **Reporting Entity**, the **AIX** considers that circumstances giving rise to a variation from the previous one should generally be considered **Inside Information** and should be disclosed by the **Reporting Entity** as soon as possible. Even where a **Reporting Entity** has not made a previous forecast, circumstances giving rise to a variation of profit or revenue from the previous corresponding reporting period should be disclosed where such circumstances would have a significant effect on the price of relevant **Securities**. Generally, a change of 10% or more is a material change, but in some circumstances, a smaller variation may also be disclosable if it would reasonably be considered to have a significant effect on the price of the relevant **Securities**.
- (12) In making such disclosure, the **Reporting Entity** should provide clear details of the extent of the variation. For example, a **Reporting Entity** may indicate that, based on management accounts, its expected net profit will be an approximate amount (e.g. approximately \$15 million) or alternatively within a stated range (e.g. between \$14m and \$16m). Alternatively, a **Reporting Entity** may indicate an approximate percentage movement (e.g. up or down by 35%).

Relationship between continuous disclosure and periodic disclosures

- (13) Periodic disclosures by **Reporting Entities** are required in a number of circumstances, and examples can include interim and annual financial reports and accounts, prospectuses, bidder's statements and target's statements.
- (14) In the course of preparing these disclosure documents, **Reporting Entities** may become aware of **Inside Information** which was previously insufficiently precise to warrant disclosure. In such circumstances, a **Reporting Entity** should not defer releasing that information until the periodic disclosure or other document is finalised. In such circumstances, a **Reporting Entity** is expected to make an announcement containing the **Inside Information** as soon as possible.
- (15) **Reporting Entities** with **Securities** of the same **Class Admitted to Trading** in more than one jurisdiction should ensure that the release of announcements containing **Inside Information** is co-ordinated across jurisdictions. If the requirements for disclosure are stricter in another jurisdiction than in the **AIFC** and **AIX**, the **Reporting Entity** must ensure that the same information is released in the **AIX** and **AIFC** as in that other jurisdiction.
- (16) **Reporting Entities** must not delay an announcement in the **AIFC** in order to wait for a market to open in another jurisdiction.

Reporting Entity must announce to **AIX** any information released to any other stock exchange on which its **Securities** are listed at the same time as the information is released to that other exchange.

When **AIX** is a **Secondary Exchange** and **AIX** market opens earlier than the primary exchange, the **Price Sensitive Information** shall be disclosed by the **Reporting Entity** to **AIX** first. **AIX** shall not disclose such information earlier than the primary exchange, in this case **AIX** may consider to suspend trading of the **Securities** of the **Reporting Entity**.

If the **Reporting Entity** is required to notify information to **AIX** at a time when **AIX** is not open for business, it must distribute the information as soon as possible to **AIX** for release as soon as it opens.

Where a subsidiary of the **Reporting Entity** listed on another stock exchange or securities market releases information on that stock exchange or in that securities market, the **Reporting Entity** must ensure that such information is announced as soon as practicable

MDR 2.2 (R) Delaying disclosure

A **Reporting Entity** may delay market disclosure of **Inside Information** so as not to prejudice its legitimate interests provided that:

- (a) the delay is not likely to mislead the markets; and
- (b) if the information is to be selectively disclosed to a **Person** prior to market disclosure, it is made in accordance with the requirements in **Rule MDR 2.3**.

MDR 2.3 (R) Selective disclosure

MDR 2.3.1 For the purposes of **Rule MDR 2.2(b)**, a **Reporting Entity** may selectively disclose **Inside Information** to a **Person** prior to making market disclosure of such information only if:

- (a) it is for the purposes of the exercise by such a **Person** of his employment, profession or duties;
- (b) that **Person** owes to the **Reporting Entity** a duty of confidentiality, whether based on law, contract or otherwise; and
- (c) the **Reporting Entity** has provided to that **Person**, except where that **Person** is an authorised representative of the **AIX** or the **AFSA**, a written notice as specified in **Rule MDR 2.3.3**.

MDR 2.3.2 For the purposes of **Rule MDR 2.3.1(a)**, the **Persons** whose exercise of employment, profession or duties may warrant selective disclosure are as follows:

- (a) any adviser and underwriter;
- (b) an agent employed by the **Reporting Entity** to release the information;
- (c) persons with whom the **Reporting Entity** is negotiating with a view to effecting a transaction or raising finance, including prospective underwriters providers of finance or loans or the placement of the balance of a rights issue not taken up by shareholders;
- (d) the **AIX**, **AFSA** or another **Financial Services Regulator** where such disclosure is necessary or desirable for the regulator to perform its functions;
- (e) a **Person** to whom the **Reporting Entity** discloses information in accordance with a lawful requirement;
- (f) a major shareholder of the **Reporting Entity**; or
- (g) any other **Person** to whom it is necessary to disclose the information in the ordinary course of business of the **Reporting Entity**.

- MDR 2.3.3 For the purposes of **Rule MDR 2.3.1(c)**, the **Reporting Entity** must, before making disclosure to a **Person**, provide to that **Person** a written notice that:
- (a) the information is provided in confidence and must not be used or be allowed to be used for a purpose other than the purpose for which it is provided; and
 - (b) the recipient must take reasonable steps to ensure that the recipient or any **Person** having access to the information through the recipient does not deal in the relevant **Securities**, or any other related **Investment**, or disclose such information without legitimate reason, prior to market disclosure of that information by the **Reporting Entity**.

MDR 2.3.4 Where a **Reporting Entity** makes selective disclosure of **Inside Information** pursuant to **Rule MDR 2.3.1**, it must ensure that a full announcement is made to the market as soon as possible, and in any event, when it becomes aware or has reasonable grounds to suspect that such information has or may have come to the knowledge of any **Person** or **Persons** other than those to whom the selective disclosure was made.

- MDR 2.3.5 (G)
- (1) It is likely that **Inside Information** will be made known to certain **Employees** of the **Reporting Entity**. A **Reporting Entity** should put in place procedures to ensure that **Employees** do not disclose such information, whether or not inadvertently, and that **Employees** are adequately trained in the identification and handling of **Inside Information**. A **Reporting Entity** should, in compliance with **Rule MDR 2.5**, also establish and maintain an insider list.
 - (2) **Rule MDR 2.3** does not excuse a **Reporting Entity** from its overriding obligation to disclose **Inside Information** as soon as possible pursuant to **Rule MDR 2.1**. A **Reporting Entity** which proposes to delay public disclosure of **Inside Information** should refer to **Rule MDR 2.2**, which sets out the limited circumstance in which delaying disclosure is permitted.

Control of **Inside Information**

MDR 2.4 (R) A **Reporting Entity** must establish effective arrangements to deny access to **Inside Information** to **Persons** other than those who require it for the exercise of their functions within the **Reporting Entity**.

MDR 2.5 A **Reporting Entity** must establish and maintain adequate systems and controls to enable it to identify at all times any **Person** working for it under a contract of employment or otherwise, who has or may reasonably be likely to have access to **Inside Information** relating to the **Reporting Entity**, whether on a regular or occasional basis, and must maintain a list of all such **Persons** as will comply with **Rule 6.2** of **AIFC MAR Rules**.

MDR 2.6 A **Reporting Entity** must take the necessary measures to ensure that its **Directors** and **Employees** who have or may have access to **Inside Information** acknowledge the legal and regulatory duties entailed, including dealing restrictions in relation to the **Reporting Entity's Securities** or any related **Investments**, and are aware of the sanctions attaching to the misuse or improper use or circulation of such information.

MDR 2.7 A **Reporting Entity** must nominate two individuals to be its main points of contact with the **AIX** in relation to continuing disclosure and other obligations under this chapter.

(G) Framework for handling **Inside Information**

- (1) The responsibility for ensuring that a **Reporting Entity** has an adequate overall policy on the handling of **Inside Information** lies with the board of **Directors** of the **Reporting Entity**. Whilst responsibility for compliance with the continuing

obligations set out in the **Rules** lies with the **Reporting Entity**, **Directors** should be aware that they may be held personally liable for breaching these **Rules**.

- (2) **Reporting Entities** should have a consistent procedure for assessing whether information is **Inside Information** and should clearly identify those within the **Reporting Entity** who are responsible for the communication of this information to the market.
- (3) **Reporting Entities** should put in place arrangements for maintaining the confidentiality of **Inside Information** before announcement. These should include adequate training for **Employees** in the handling, distribution and announcement of **Inside Information** as appropriate. **Reporting Entities** should, for example, guard against the risk of **Inside Information** being leaked to the market through selective disclosure of internal briefings or via trade journals. Where the **Reporting Entity** considers that this may have occurred, an announcement should be made immediately.
- (4) Inadvertent disclosure
